

Contact information

Please identify your preferred phone contact as a cell or home phone and then add that number. The asterisk indicates that you must put a phone number here. If you have an alternate phone number, we'd like to know that too and if you'd like to share it there's a place for that.

Eligibility

The requirements for membership in the Club are stated in the top section on the registration/renewal page. We will be using this form for renewals and new member applications, so bear with us, please, and check the box. Thank you.

Preferred Form of Artistic Expression

We know that your creativity spills over into everything you do but we'd like for you to pick one for us. So, take a moment to scroll through the selections and choose the one you think is your best and most accomplished form of expression. We're hoping this information will help club members connect to each other and help us plan meeting programs, workshops, activities, and events that are more inclusive. There's a place further down the form for you to list other interests — don't hesitate to list things like camping, knitting, cooking, and gardening, as well as other forms of artistic expression. Down the road we hope to provide digital avenues and opportunities for Club Members to get together and get to know each other.

URLs for your Website, Facebook and Instagram pages

We're hoping you'll share your social media sites with us for the online membership directory so that we can make it easier for club members to find and connect each other online. Please include <https://> along with your address.

Other ABOUT information

This will help our board, committies, and club members be more efficient and effective as they look for exhibition, educational, and volunteer opportunities.

Get Involved

To make this effective, the first "ask" is for general help. PLEASE choose at least one. If you are unable to help, there's a check box for that. There's also a place for you to let us know what else you might be able to help us with.

Get Involved Gets Specific

These are specific skill needs; they are also learning opportunities. We see the benefit as mutual and will work to make it so.

What we've all been waiting for ...

Pay Your Dues : There are two ways to pay.

1. The pay by credit card is the first option and our preferred method of payment. When you pay by credit card your account/website login will be activated immediately.
2. The pay by check option is second. If you pay by check your account/website login will not be activated until we receive your check.
3. Choose your payment option then select SUBMIT.

— If you didn't fill out the entire form correctly you will get an error message. If you scroll up the form you will see where more info is need. After making corrections select SUBMIT again to proceed to the next page.

4. You'll get a "success" message from the website and an email/receipt in your inbox.

— Remember, when paying by check, the club will have to receive your payment before you login is activated.

Now, the best part — creating a unique login

Your email address is how our website recognizes you.

It's what you'll use to login along with a password that you will create.

1. The password must be at least 8 characters in length, containing both upper and lowercase letters and having at least one numerical character and one special character. If it's not a strong one the registration form will let you know and you'll have to try again.
2. Then you'll get an email with a link to login — all you have to add is that password you created.
3. Make a note of your password. It's not just for paying your dues and accessing your profile, it's how you'll access the member-only section of the website. Go ahead, give it a try.
4. Do not despair if you lose or forget your password, you'll be able to reset it.
